FOR IMMEDIATE RELEASE

February 2009

SANS Inc., Software and Network Solutions, Appoints Regional Sales Manager

...*North Branford, Connecticut*...SANS Inc., the exclusive licensor of Sony language learning software solutions, has named Eric Schwartz to the position of Regional Sales Manager. Eric's responsibilities will include support for existing customers as well as new business development in Colorado, Kansas, Missouri, Nebraska, North Dakota, South Dakota, and Wyoming.

Prior to joining SANS, Eric spent four years in the United States Marine Corps as an Emergency Medical Technician and then continued on as a paramedic locally in Texas. Most recently Eric has over ten years of experience in the education technology area working with Teaching Systems Inc., one of SANS' premier resellers, supporting SANS and Sony language learning systems customers by providing technical support, operational training, and account management. His experience and vast technical knowledge of the Sony language learning technology makes him a natural fit for the position.

"We are excited to add such a quality person to the SANS team, said Mark Goodin, SANS National Sales Manager. "Eric's extensive background with the Sony Virtuoso™ and Soloist® language learning software suite will allow him to offer our current and new customers a level of expertise and service that typically takes a newcomer to this business years to acquire."

About SANS Inc.: SANS Inc, Software and Network Solutions, is the developer and exclusive worldwide licensor of Sony Language Learning Software. These include the widely used technology solutions of the Sony Virtuoso™ and Soloist® digital language lab software suite. This technology is the instructional choice of numerous, discerning language programs in the U.S. and around the world. SANS also provides solutions for blended and virtual language learning with SANSSpace™ VLE. SANS is committed to providing software solutions that, first and foremost, address teaching and learning modalities and work within the IT framework of the school or government agency using the technology. SANS' technology is designed and developed in the United States . More at www.sansinc.com or contact Stella Derum at info@sansinc.com .
